PRESIDENT AT TEMPLE DEDICATION

PRESIDENT EISENHOWER is shown as he spoke at the dedication of a new temple of the Washington Hebrew Congregation. He said that "every true American must recognize those rights endowed by God, because if he doesn't he is not true to the concepts of the men who wrote the Declaration of Independence." The congregation, founded in 1852, is the oldest Jewish house of worship in the nation's capital. It operates under a charter granted by Congress. (International)
