HOROSCOPE

For Monday, Feb. 6, 1995
If born today, you are intelligent and creative. You work especially well in the world of arts and crafts, teaching and writing. You have an unusual outlook on many things, and your work is usually ahead of its time.

ARIES (March 21 to April 19) Business and pleasure definitely do not mix now. However, the day is clear for fun and romance. Don't let a problem with a friend interfere with your happiness.

TAURUS (April 20 to May 20) You might find something you need in a newspaper advertisement. Little things might go wrong, but you will succeed in setting things straight.

GEMINI (May 21 to June 20) There's nothing stopping you from making career progress. Even though your insights might be correct, you'll need tact in expressing them.

CANCER (June 21 to July 22) Although your thinking is on target regarding home affairs, in money matters you could make an unwise move. Resist the urge to say something sarcastic. At night, exercise creative talents.

LEO (July 23 to Aug. 22) There will be some happy social moments for you, but a pressing problem on the home front looms. You might be overly concerned about the welfare of a loved one.

VIRGO (Aug. 23 to Sept. 22) You're thinking clearly and should make those important phone calls. It's time to put theory into practice. Shopping is favored.

LIBRA (Sept. 23 to Oct. 22) The work situation seems complicated by a romantic attraction. Make sure this person is sincerely interested and not just flirting. You have high ideas.

SCORPIO (Oct. 23 to Nov. 21) A co-worker seems difficult to get along with, but try to be understanding. Spending could get way out of hand, so find less costly ways to have fun at night.

SAGITTARIUS (Nov. 22 to Dec. 21) You'll have to bend a bit in your dealings with others. A little friendly persuasion does wonders. Concentrating on work helps you get over a disappointment.

CAPRICORN (Dec. 22 to Jan. 19) Don't let time by yourself cause you to dwell on things that might go wrong. Needless worry will sap inner strength. It's best to put aside career concerns for now.

AQUARIUS (Jan. 20 to Feb. 18) Implement those changes you've been contemplating at home. Then, go out somewhere special with a loved one. It is also a good day to make business presentations.

PISCES (Feb. 19 to March 20) A friend might rub a family member the wrong way, in which case you should make peace.

Birthdate of: Mike Farrell, actor; Zsa Zsa Gabor, actress; and Robert Townsend, actor.
